Open Ended Comments

List at least two things positive about this course:

Comments
This course really opened my eyes to what Special Education is all about in the school system and how it impacts not only the student but the community as a whole. I look at Special Education differently with a more confident purpose as to what it is all about. I definitely see Special Education as a necessary element in all school systems and levels. Great course in explaining the importance of Special Education and why it is so important.
The course was very informative and we got a lot of opportunities to learn together, be involved in many discussions.
1. Our instructor was stellar! He not only taught explicit instruction, he modeled it for us. 2. Instructor adapted material and requirements to fit the needs and lives of students. 3. Instructor makes himself available to assist and provide guidance not only for his class for our other classes as well.

List at least two things that would improve this course:

Comments
One thing that would have improved this course was if the class were on campus and in person. Mr Ainsworth is a great instructor and I feel his efforts are not as obvious when you are in an online class vs in person.
Can not think of another thing that could have improved this course. This instructor was wonderful and taught all of us beyond measure.
Have more information regarding how to filled up the forms at the real classroom, what kind of procedures we will face it in real classroom set and how can we be ready for that.
1. In-person. 2. Ensure practicum placements align with this course.
